<b>We work hard to keep our prices competitive by making them reflective of our average client, and therefore we believe it's only fair that we adjust our prices accordingly and in-line with the required time we spend making you look and feel fantastic. * *</b>							
<b>Therefore we ask if you have very thick and/or exceptionally long hair, or if you have extensions, that you let us know in advance so can ensure we allocate enough time for your appointment. Due to the additional time these hair types take, your services will need to come at an additional cost. For transparency, this is based on every additional 15 minutes required being chargeable at plus 20% * *</b>							
<b>Skin tests are required prior to all new/first colour visits with us, at least 48hrs in advance of your appointment. All late cancellations and no shows will be charged at least 50% of your full service price. For details of our full T's&amp;C's, please visit our website. * *</b>
